

ASTRA WORKSHOP PROGRAM **“Going Further With Astra” – Class of 2009**

Astra is today one of Indonesia’s largest company and a market leader in automotive, financial services, heavy equipment and agribusiness. It also has a significant presence in the information technology and infrastructure industries.

In the ever changing global business environment we understand that people is our most important capital and we realize that university students are our future potential leader.

Committed to the development of students as part of our responsibility in education, we invite you to join **Astra Workshop Program (AWP) - Going Further With Astra.**

AWP is a three days workshop consist of **in class training, class discussion, company/plant visit and business simulation.** Here you will learn from Astra’s executives how to implement your knowledge at work and experience business simulation in a real condition.

To be able to participate in this program, you must:

- Has undergone 80 – 125 credits (**4th – 6th semester**) while participating in this workshop with outstanding academic record with minimum GPA 2,75 from **Accounting, Electrical & Mechanical Engineering**
- Actively involved in extra-curricular activities

The participants for this workshop are students from universities across Java Island. A rare opportunity to meet friends from other cities in Java, thus you will not only gain valuable experience but also expanding your network.

How to Join This Program?

- Fill in the **AWP Application Form** attached with your **CV** and send to : **ita.aryanti@ai.astra.co.id** or **itaaryanti@gmail.com** not later than **Feb 10, 2008** (max attachment 1 Mb)
- Selected candidates will be announced on **Feb 13, 2009** via sms
- **AWP Selection Process** will be held on **Feb 18, 2009** at **PT Astra International – Honda, Jl. Raya Magelang Km. 7,2 Jombor, Yogyakarta**
